

Nonprofit Navigator FAQ Bank for Ask Akiva AI

1. "Is this for me if I hate asking for money?"

Answer:

Totally. A lot of people in Nonprofit Navigator started out feeling super uncomfortable asking for money.

We teach you how to shift your mindset and give you practical strategies — so it doesn't feel like "begging," it feels like inviting people to join your mission.

You'll get scripts, examples, and lots of practice. And honestly, most people find it gets way easier — even natural — once they see how it works.

2. "Does this help with grants too?"

Answer:

Yes!

We show you how to find the right grants (where you actually have a shot), how to write winning applications, and how to not waste your whole year chasing grants that aren't a good fit.

Most importantly, we teach you how to balance grants with donor fundraising — because if you rely only on grants, you're building your nonprofit on quicksand.

3. "What if I don't have any donors yet?"

Answer:

Perfect. Nonprofit Navigator is built for you.

You'll learn exactly how to find your first donors — even if you're starting from scratch — and how to grow from a few gifts to a real donor base.

We start simple, practical, and low-pressure.

4. "I'm a volunteer running the nonprofit. Is this still a good fit?"

Answer:

Yes!

Nonprofit Navigator was designed especially for people like you — founders, volunteers, small teams.

You'll learn how to build sustainable fundraising even if you don't have a big staff or fancy infrastructure.

5. "How long does it take to start seeing results?"

Answer:

If you follow the roadmap and take action each week, many people start seeing real results (new donors, new gifts) in the first 6-8 weeks.

You don't have to wait years. We're all about efficient, practical wins that build long-term success.

6. "Is there a guarantee?"

Answer:

Yep.

If you're in the \$4,000 or \$8,000 coaching package, we guarantee you'll raise at least \$4,000 in new money — or we'll keep coaching you until you do.

We're serious about helping you actually fund your mission — not just learn cool theories.

7. "How is Nonprofit Navigator different from other fundraising courses?"

Answer:

Most fundraising courses are either too theoretical (lots of ideas, no action steps) or too cookie-cutter (one-size-fits-all templates that don't work for your situation).

Nonprofit Navigator gives you:

Real coaching and feedback — not just videos

Practical fundraising strategies that are tested in real life with real small nonprofits

AI tools to save you time

A guarantee that you'll actually raise money

It's built for people who need results, not just information.

8. "Is this only for new nonprofits?"

Answer:

Nope!

While a lot of our students are newer nonprofits, we also work with established organizations who are ready to grow past where they've been stuck.

If you're serious about raising \$50K–\$100K (or more) — and doing it sustainably — Nonprofit Navigator will help.

9. "How do I sign up?"

Answer:

Just visit NonprofitNavigator.pro and pick the option that fits you best.

(If you're not sure which one's right, you can always reach out for help — we'll make sure you're in the right spot.)
